

## certification RINA des moteurs marins **Motive**

En 2015, **motive** avait été admis dans le programme d'essais alternatifs (certificat n ° 2015 / MI / 01/537), qui permet un test plus rapide et économique des moteurs marins triphasés conformes aux normes RINA\*, à la fois pour le service essentiel et non essentiel.

Maintenant, RINA a également délivré la certification de type de projet et des essais des moteurs marins motive. Dans de nombreux cas, cette certification GRATUITE suffit au client final et évite donc de faire face aux coûts du test RINA\* de chaque unité.
