

RINA ha appena certificato tutti i motori marini **motive, e questo tipo di certificazione è gratuita**

Nel 2015 motive era stata ammessa allo schema alternativo di prova (Attestato Nr. 2015/MI/01/537), che permette un collaudo più rapido ed economico dei motori marini trifase conformi alle norme RINA*, sia per servizio essenziale che non essenziale.

Ora il RINA ci ha inoltre rilasciato anche la certificazione di tipo della progettazione e delle prove di validazione dei nostri motori marini . In molti casi questa certificazione GRATUITA è sufficiente per il committente finale, ed evita quindi la necessità di affrontare i costi del collaudo RINA* di ogni unità motore richiesta.
