

## certificación RINA de los motores marinos Motive

Motive fue admitida en 2015 al esquema de prueba alternativo (Certificado No. 2015 / MI / 01/537), que permite una prueba más rápida y económica de nuestros motores marinos trifásicos construidos y probados de acuerdo con los estándares RINA\*, para servicio esencial y no esencial.

Ahora RINA\* también nos ha certificado el diseño y las pruebas de validación. En muchos casos, esta homologación, que es GRATUITA, es suficiente para el cliente final y evita la necesidad de afrontar los costos de las pruebas RINA de cada unidad de motor solicitada.
